

Dear Tattooist,

My name is Runo Lagomarsino.

I work as a visual artist from Argentina/Sweden and at the moment I'm living in Berlin. For a long time I have been fascinated and admired the tattooist way of making drawings, the tattooist visual power as an artistic expression. I'm also very intrigued by the relation of tattoos to travelling, history and maps.

I'm starting this project where I ask tattooists from many different cities in the world if they could draw me a world map. I'm not seeking for an accurate correct drawing of a world map; I'm looking for a personal interpretation of the world map. Meaning: It can be a map based on a fantasy, a dream, a map without countries, upside down, with dragons etc. The size, style, colour, etc I leave for each tattooist to decide.

So I would like to ask you if you could contribute to this project, I ask for a drawing, a drawing of your world map.
